## The Front-End Web Developer

📞 9737790499 @ sujalkidecha68@gmail.com 🔗 <https://sujal68.github.io/og-protfolio/>

📍 71, Puna Gam Rd, santoshikripa society,Varachha, Surat, Gujarat.

## SUMMARY

I'm a passionate Front-End Developer who enjoys turning ideas into clean, responsive, and user-friendly websites. I mainly work with HTML, CSS, and JavaScript, and I'm constantly improving my skills by building real-world projects. My focus is on creating smooth, functional designs that work well across all devices.

## SKILLS

CORE SKILLS: HTML5 CSS3 JavaScript (ES6) Media Queries Bootstrap jQuery

OTHER SKILLS: Git & GitHub VS Code Time Management Hosting

## PROJECTS

### Add to Cart Shopping Webpage

📅 05/2025 📍 Surat , Gujarat

Created a 3-page shopping website with add-to-cart features, quantity management, and data stored using localStorage.

- Enhanced my front-end development skills by building a fully functional e-commerce interface from scratch.

## EDUCATION

### Bachelor of Computer Applications (BCA)

**Vidhyadeep University (Pursuing)**

📅 07/2024

## EXPERIENCE

### PERSONAL EXPERIENCE / SELF-LEARNING..

#### Self-Paced Projects(pursuing)

📅 06/2025 📍 Surat , Gujarat , India

i worked my frontend development projects using HTML, CSS, and JavaScript. Focused on building real-world web applications to improve my coding and problem-solving skills. (present)

- Designed fully responsive layouts for **mobile and desktop**, tested on **3+ screen sizes** for each project.
- Created a 3-page Add to Cart web app with localStorage, improving understanding of data persistence by **100%** through hands-on logic building
- Built **5+ real-world projects** using HTML, CSS, and JavaScriptBuilt **5+ real-world projects** using HTML, CSS, and JavaScript including To-Do list, cart system, and animated portfolio

## FRONTEND DEVELOPMENT COURSE

Learning professional frontend development including HTML5, CSS3, JavaScript, Bootstrap, and responsive design

Built Add to Cart system, Portfolio site with GSAP animation, and To-Do List app using vanilla JavaScript. Focused on DOM manipulation, logic building, and user experience
